| NEED ANALYSIS (Why the procurement was necessary?) | The road section from Ratodero-Sajawal-Shahdaskot (KM 00 to 36) part of M-8 was damaged during the super flood of 2010. Since that the road was maintained through Routine Maintenance and kept motor able. Now, the remaining road portion from Shahdaskot to Khuzdar (M-8) has been completed and due to increase in traffic volume from Shikarpur, Sukkur and Larkana for Khuzdar on M-8, the condition of above mentioned section (i.e. KM - 00 to 36) has deteriorated and the Routine Maintenance does not sustain the present traffic load. Keeping in view the above Periodic Maintenance Work has been approved to make the road motor able for traffic leading to Khuzdar and Gawadar. The approval for uplifting the section through periodic maintenance was forwarded to Member (South Zone) for initiation of procurement process. |
