> NEED ANALYSIS (Why the procurement was necessary?) Termite is present in
abundance in the school creating unhygienic environment. The old chiller plant ducts
have become their habitat. Besides creating unhygienic environment, the termite is also
causing damage to furniture and it can also create problems in sophisticated equipment
present in the school. The point was discussed in HR meeting and it has been decided
to close the ducts with brick masonry and termite treatment be done on emergent basis
to get rid of the problem.
