- NEED ANALYSIS (Why the procurement was necessary?) In wake of the earlier concerns shared by the CDNS' Technical Team for "Technology Up-gradation & Support services of existing Business Software Solution/System" it was found that the few software/Licenses like Oracle 12-C, SSL are going to expire in the coming month of April, 2021. Further, there is a dire need of certain software(s)/Licenses for Data Center/DR Site without which the support of software(s) would become unavailable placing the CBA of CDNS in an awkward position of non-functionality. In relation thereto, and in line with the in-principle verbal consent accorded by the competent authority, it was decided that the requisite arrangements for the renewal of support/subscription/upgrade of licensed software(s) shall be ensured through Service Level Agreements (SLAs)/Licensed Support Agreements (LSAs) with service providers on open competition basis.
