**TENDER NO. T-182 (CIVIL) WORK FOR "ANNUAL REPAIR AND MAINTENANCE OF MAKKI AND MADNI MOSQUE & MADARSA IN TPS COLONY I&II MUZAFFARGARH."**

Northern Power Generation Company Limited (GENCO-III) was created as part of a major restructuring initiative in Pakistan's power sector. The government of Pakistan, in an effort to improve the efficiency and management of its electricity generation, decided to restructure the Water and Power Development Authority (WAPDA) in the early 1990s. WAPDA, which was originally responsible for all aspects of power generation, transmission, and distribution across the country, was divided into multiple entities to improve specialization, accountability, and operational efficiency. As a result, several generation companies were established under the umbrella of WAPDA, including NPGCL.
