1. Introduction

- 1.1 The Client named in the Data Sheet will select a firm / organization (the Firm) in accordance with the method of selection specified in the Data Sheet.
- 1.2 The interested Firms are invited to submit a Technical Proposal and a Financial Proposal, or a Technical Proposal only, as specified in the Data Sheet, for services required for the assignment named in the Data Sheet. The Proposal will be the basis for contract negotiations and ultimately for a signed Contract with the selected Firms.
- 1.3 Firms should familiarize themselves with local conditions relevant to the Services and take them into account in preparing their Proposals. To obtain first-hand information on the assignment and local conditions, Firms are encouraged to visit the Client before submitting a proposal and to attend a pre-proposal conference if one is specified in the Data Sheet. Attending the pre-proposal conference is optional. Firms should contact the Client’s representative named in the Data Sheet to arrange for their visit or to obtain additional information on the pre-proposal conference. Firms should ensure that these officials are advised of the visit in adequate time to allow them to make appropriate arrangements.
- 1.4 The Client will provide at no cost to the Firms the inputs and facilities specified in the Data Sheet, assist the firm in obtaining licenses and permits needed to carry out the Services, and make available relevant data and reports.
- 1.5 Firms shall bear all costs associated with the preparation and submission of their proposals and contract negotiation. The Client is not bound to accept any proposal, and reserves the right to annul the selection process at any time prior to Contract award, without thereby incurring any liability to the Firms.

Conflict of Interest

- 1.6.1 The conflict of interest is a situation in which a party has interests that could improperly influence that party’s performance of official duties or responsibilities, contractual obligations, or compliance with applicable laws and regulations and that such conflict of interest may contribute to or constitute a prohibited practice under the applicable laws.

1.6.2 Without limitation on the generality of the foregoing, Firms shall not be recruited under the circumstances set forth below:

- (a) Conflict between activities and procurement of services: Firms or Sub-Firms that have been engaged by the Client to provide services for a project shall be disqualified from providing services related to such project. Conversely, a firm or individual firm hired to provide services for the preparation or implementation of a project shall be disqualified from subsequently providing services resulting from or directly related to the firm's or individual firm's services for such preparation or implementation.
- (b) Firms or individual firms shall not be hired for any assignment that, by its nature, may be in conflict with another assignment of the firm or individual. As an example, firms or individual firms hired to prepare engineering design for an infrastructure project shall not be engaged to prepare an independent environmental assessment for the same project, and firms or individual firms assisting a client in the privatization of public assets shall neither purchase, nor advise purchasers of, such assets. Similarly, firms hired to prepare TOR for an assignment shall not be hired for the assignment in question.
- (c) Relationship with client's staff. Firms or Sub-Firms that have a business or family relationship with a client staff member or with a client's staff who are directly or indirectly involved in any part of (i) the preparation of the TOR of the Contract, (ii) the recruitment process for such Contract., or (iii) supervision of such contract may not be awarded a Contract, unless the conflict stemming from this relationship has been resolved in a manner acceptable to the client throughout the recruitment process and the execution of the Contract.

1.6.3 Firms have an obligation to disclose to the Client any situation of actual or potential conflict of interest. Failure to disclose said situations may lead to the disqualification of the Firm or the termination of its Contract.

1.6.4 No agency or current employees of the Client shall work as Firms under their own ministries, departments or agencies. When Firms nominate any government employees or agencies as Personnel in their technical proposal, such Personnel must have written approval from their government or employer, confirming that they will be on leave without pay from their official position and available to work full-time on the assignment for the period required by the assignment and any reasonable extension thereof. Such approval shall be provided to the client by the Firm invited to contract negotiations, prior to commencement of negotiations.

- Origin of Goods and Services** 1.7 All services that may be provided under the Contract, shall have as their country of origin from client's country or any country except those which are subject to boycott in accordance with the laws of Islamic Republic of Pakistan.
- Only one Proposal** 1.8 Firms may only submit one proposal. If a Firm (including a partner in any Joint Venture Sub-Firm, including individual experts) submits or participates in more than one proposal, such proposals shall be disqualified.
- Proposal Validity** 1.9 The Data Sheet indicates how long Firm's Proposals must remain valid after the submission date. During this period, Firms shall maintain the availability of experts nominated in the Proposal. The Client will make its best effort to complete negotiations within this period. Should the need arise, however, the Client may request Firms to extend the validity period of their proposals. Firms who do not agree have the right to refuse to extend the validity of their Proposals.
- Eligibility of Sub-Firms and Partners of a Joint Venture** 1.10 In case a Firm intends to be the lead firm in an association with Sub - Firms, or, if the Firm is a Joint Venture, each Sub-Firm and Joint Venture Partner (and every individual expert) shall be a citizen or legal entity, as the case may be, of a country which are not subject to boycott in accordance with the laws of Islamic Republic of Pakistan.
- 2. Clarification of RFP Documents** 2.1 Firms may request a clarification of any of the RFP documents upto the number of days indicated in the Data Sheet before the proposal submission date. Any request for clarification must be sent in writing, or by standard electronic means to the Client's address indicated in the Data Sheet. The Client will respond in writing, or by standard electronic means and will send written copies of the response (including an explanation of the query but without identifying the source of inquiry) to all Firms. Should the Client deem it necessary to amend the RFP as a result of a clarification, it shall do so following the procedure under para. 2.2.
- Amendment of RFP Documents** 2.2 At any time before the submission of Proposals, the Client may amend the RFP by issuing an addendum in writing or by standard electronic means. The addendum shall be sent to all Firms and will be binding on them. Firms shall acknowledge receipt of all amendments. To give Firms reasonable time in which to take an amendment into account in their Proposals the Client may, if the amendment is substantial, extend the deadline for the submission of Proposals.
- 3. Preparation of Proposals** 3.1 The Proposal (see para. 1.2), as well as all related correspondence exchanged by the Firms and the Client, shall be written in the English language.

**Association
Arrangements
and Joint
Ventures**

3.2 In preparing their Proposal, Firms are expected to examine in detail the documents comprising the RFP. Firms whose proposals do not respond to the requirements of the documents comprising the RFP may fail to meet the minimum qualifying score as indicated in the Data Sheet.

3.3 While preparing the Technical Proposal, Firms must give particular attention to the following:

- (i) For the purpose of submitting a proposal and subject to para.1.10 above, a Firm may enhance its expertise for the assignment either by:
 - (a) associating with firms, in which case the Firm shall be the lead firm and shall be solely liable under the Contract, or
 - (b) forming a Joint Venture with firms, in which case the Firm and the Partners of the Joint Venture shall be jointly and severally liable under the Contract.

In the event that the Firm constitutes a Joint Venture, the Firm shall submit (i) a copy of the Joint Venture Agreement with its Technical Proposal, and (ii) a power of attorney (executed by all partners) that authorizes the designated lead or managing Partner of the Joint Venture to act for and on behalf of the Joint Venture and to legally bind such Joint Venture in any contractual or similar documentation. Any Joint Venture agreement and Joint Venture power of attorney shall be attached to TECH-1, Standard Forms (Section 3) and submitted as part of the Technical Proposal of such Firm.

- (ii) A Firm cannot add or replace or otherwise change the composition of the Partners described in its Joint Venture Agreement. Such Joint Venture Agreement shall identify the lead or managing Partner.
- (iii) Alternative experts shall not be proposed, and only one curriculum vitae (CV) may be submitted for each position.

**Proof of Legal
Status**

3.4 Prior to contract negotiations, the selected Firm will be required to submit its proof of legal status i.e., certificate of incorporation (or registration, in case of a partnership or joint venture) or any document required by the commercial laws of the country establishing the Firm's status to conduct or transact business as a legal entity.

3.5 Deleted.

**Technical
Proposal Format
and Content**

- 3.6 Depending on the nature of the assignment, Firms are required to submit a Full Technical Proposal (FTP), a Simplified Technical Proposal (STP), or a Bio data Technical Proposal (BTP). The Data Sheet indicates the format of the Technical Proposal to be submitted. Submission of the wrong type of Technical Proposal will result in the Proposal being deemed non-responsive. The Technical Proposal shall provide the information indicated in the following paragraphs from (i) to (vii) using the attached Standard Forms (Section 3). The following table summarizes the content and maximum number of pages permitted for each type of Proposal. If the maximum number of pages is exceeded, a penalty of 5 percentage points will be applied for every page over the maximum page limit during evaluation of the Proposal. A page is considered to be one printed side of A4 or letter size paper.

- 3.7
- (i) (a) [For FTP only:] a brief description of the Firms' organization and an outline of recent experience of the Firms and, in the case of Joint Venture, for each partner, on assignments of a similar nature is required in Form TECH-2 of Section 3. For each assignment, the outline should indicate the names of Sub - Firms/ experts who participated, duration of the assignment, contract amount, and Firm's involvement. Information should be provided only for those assignments for which the Firm was legally contracted as a lead firm or as one of the major firms within a Joint Venture. Assignments completed by individual experts working privately or through other firms cannot be claimed as the experience of the Firm, or that of the Joint Venture partners or Sub-Firms, but can be claimed by the expert themselves in their CVs. Firms should be prepared to substantiate the claimed experience if so, requested by the Client.
 - (b) For STP information in para. 3.4(i)(a) is not required and Form TECH-2 of Section 3 shall not be used.
- (ii) (a) [For FTP only:] comments and suggestions on the Terms of Reference including workable suggestions that could improve the quality/ effectiveness of the assignment; (Form TECH-3, Section 3).
- (b) For STP Form TECH-3 of Section 3 shall not be used; the above comments and suggestions, if any, should be incorporated into the description of the approach and methodology.
- (iii) (a) [For FTP and STP:] a description of the approach, methodology and work plan for performing the assignment covering the following subjects: technical approach and methodology, work plan, and organization and personnel schedule. Guidance on the content of this section of the Technical Proposals is provided under Form TECH-4 of Section 3. The work plan should be consistent with the Work Schedule which will show in the form of a bar chart the timing proposed for each activity.

- (iv) For STP only: the description of the approach, methodology and work plan shall consist of 10 pages, including charts, diagrams, and comments and suggestions, if any, on Terms of Reference and counterpart staff and facilities.
- (v) The list of the proposed team by area of expertise, the position that would be assigned to each team member, their tasks and a summary of essential CV information (Form TECH-5 of Section 3).
- (vi) Estimates of the expert and / or specialist input (person-months of international and national personnel) needed to carry out the assignment (Form TECH-7 of Section 3). The person-months input should be indicated separately for home office and field activities, and for international and national personnel.
- (vii) CVs of the experts signed by the experts themselves or by the authorized representative submitting the proposal (Form TECH-6 of Section 3). Should the firm be ranked first, copies of the same CVs signed by the experts must be submitted to the Client prior to commencement of contract negotiations.
- (viii) The Technical Proposal shall not include any financial information. A Technical Proposal containing financial details under any selection method, except CQS and SSS, will be declared non responsive.

Financial Proposals

- 3.8 (i) The Firm shall submit a hard copy of the Financial Proposal using the attached standard forms (Section 4). The Client shall read the Hard Copy during the public opening of Financial Proposals.
- (ii) It is the Firm's responsibility to ensure that the correct Financial Proposal format is used for the selected method indicated in the Data Sheet.
- (iii) The Financial Proposal requires completion of the six forms FIN-1 to FIN-6 shown in Section 4.

- a. Form FIN-1 is the Financial Proposal Submission Form.
- b. Form FIN-2 summarizes the proposed cost(s) by currency(ies). Remuneration is divided into billing rates for international and national experts; reimbursable expenses are divided into per diem rates for international and national experts and costs for other reimbursable expenses items required to perform the Services, as indicated in the Data Sheet. When QCBS is used, the Data Sheet will specify either an estimated budget or a maximum budget [see 5.6(iii)-(iv)]:
 1. For estimated budgets: the gross evaluated financial proposal (inclusive of provisional sums and contingencies) **may** exceed the estimated budget for the assignment;
 2. For maximum budgets: the gross evaluated financial proposal (inclusive of provisional sums and contingencies) **cannot** exceed the maximum budget for the assignment, and if it does, this will result in disqualification of such financial proposal.
- c. Forms FIN-3 and FIN-4 show the remuneration. FIN-4 shows the remuneration details and shall only be used when CQS, QBS or SSS method is used.
- d. FIN-5 shows details of *reimbursable* expenses.
- e. Form FIN-6 is the integrity pact. The Firm shall sign and stamp the Integrity Pact for all Federal Government procurement contracts exceeding Rupees ten million. Failure to provide such Integrity Pact shall make the bid non-responsive.
- f. The amounts stated under provisional sums and for contingency in FIN-2 must be the exact amounts and in the same currency as specified in the Data Sheet for such cost and are included within the maximum budget for the assignment specified in the Data Sheet. The exact amounts of provisional sums and contingency, the applicable payment schedule and the currency of payments will be determined during contract negotiations.
- g. All activities and items described in the Technical Proposal shall be assumed to be included in the price of Financial Proposal.

- Taxes**
- 3.9 The Firm may be subject to local taxes (such as: value added or sales tax, social charges or income taxes on non-resident International Personnel, duties, fees, levies) on amounts payable by the Client under the Contract. The Client will state in the Data Sheet if the Firm is subject to payment of any local taxes. Any such amounts of taxes shall be excluded from the Financial Proposal as they will not be evaluated.
- 3.10 Firms may express the price of their services in a maximum of three internationally traded currencies, singly or in combination. The Client may require Firms to state the portion of their price representing local cost in the national currency if so, indicated in the Data Sheet.
- Fees, Gratuities and Currencies**
- 3.11 Fees, gratuities, rebates, gifts, commissions or other payments, if any, paid or to be paid by Firms and related to the assignment will be listed in the Financial Proposal Form FIN-1 of Section 4.
- 4. Submission, Receipt, and Opening of Proposals**
- 4.1 The original proposal (Technical Proposal and, if required, Financial Proposal; see para. 1.2) shall contain no interlineations or over writing, except as necessary to correct errors made by the Firms themselves. The person who signed the proposal must initial such corrections. Submission letters for both Technical and Financial Proposals should be in the format of TECH-1 of Section 3 and FIN-1 of Section 4, respectively, including required attachments, if any. [See para. 3.3(i) above.]
- 4.2 An authorized representative of the Firms shall initial all pages of Financial Proposals. The authorization shall be in the form of a written power of attorney accompanying the Proposal or in any other form demonstrating that the representative has been duly authorized to sign. The signed Financial Proposal shall be marked “ORIGINAL”
- 4.3 The Technical Proposal shall be marked “ORIGINAL” or “COPY” as appropriate. The Technical Proposals shall be sent to the addresses referred to in para. 4.5 and in the number of copies indicated in the Data Sheet. All required copies of the Technical Proposal are to be made from the original. If there are discrepancies between the original and the copies of the Technical Proposal, the original governs.
- 4.4 The original and all copies of the Technical Proposal shall be placed in a sealed envelope clearly marked “TECHNICAL PROPOSAL” Similarly, the original Financial Proposal, in the case of FBS, LCS and QCBS, shall be placed in a sealed envelope clearly marked “**FINANCIAL PROPOSAL**” followed by the name of the assignment, and with a warning “**DO NOT OPEN WITH THE TECHNICAL PROPOSAL.**” The envelopes containing the Technical and Financial Proposals shall be placed into an outer envelope and sealed. This outer envelope shall bear the submission address and **be clearly marked “DO NOT OPEN, EXCEPT IN PRESENCE OF THE OFFICIAL APPOINTED, BEFORE** *[insert the time and date of the submission deadline indicated in the Data Sheet]*”. The Client shall not be responsible for misplacement, losing or premature opening if the outer envelope is not sealed and/or marked as stipulated. This circumstance may be cause for

Proposal rejection. If the Financial Proposal is not submitted in a separate sealed envelope duly marked as indicated above, for FBS, LCS and QCBS, this will constitute grounds for declaring the Proposal non-responsive.

- 4.5 The Proposals must be sent to the address/addresses indicated in the Data Sheet and received by the Client no later than the time and the date indicated in the Data Sheet, or any extension to this date in accordance with para. 2.2. Any proposal received by the Client after the deadline for submission shall be returned unopened.
- 4.6 The Client shall open the Technical Proposal immediately after the deadline for their submission. For FBS, LCS and QCBS methods, the envelopes with the Financial Proposal shall remain sealed and securely stored.
- 4.7 From the time the Proposals are opened to the time the Contract is awarded, the Firms should not contact the Client on any matter related to its Technical and/or Financial Proposal. Any effort by Firms to influence the Client in the examination, evaluation, ranking of Proposals, and recommendation for award of Contract may result in the rejection of the Firms' Proposal.
- 4.8 For FBS, LCS and QCBS methods, the evaluators of Technical Proposals shall have no access to the Financial Proposals until the technical evaluation is concluded.
- 5. Evaluation of Technical Proposals**
- 5.1 The evaluation committee shall evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference, applying the evaluation criteria, sub criteria, and rating system specified in the Data Sheet in terms of the Summary and Personnel Evaluation Criteria detailed in the Appendix thereto. Each responsive Proposal will be given a technical score (St). A Proposal shall be rejected at this stage if it does not respond to important aspects of the RFP, and particularly the Terms of Reference or if it fails to achieve the minimum technical score, if any, indicated in the Data Sheet.
- Financial Proposals for CQS, QBS, and SSS**
- 5.2 Following the ranking of Technical Proposals, when selection is based on CQS, QBS and SSS methods, the first ranked Firm is invited to negotiate its Financial Proposal and the Contract in accordance with the instructions given under para.6 of these Instructions.
- Public Opening and Evaluation of Financial Proposals (only for QCBS, FBS and LCS)**
- 5.3 In the case of FBS, LCS and QCBS, after the technical evaluation is completed, the Client shall notify those Firms whose Proposals did not meet the minimum qualifying mark or were considered non-responsive to the RFP, indicating that their Financial Proposals will be returned unopened after completing the selection process. The Client shall simultaneously notify to Firms in writing that have secured the

minimum qualifying mark, informing them of the technical scores obtained by their Technical Proposals, and indicating the date, time and location for opening the Financial Proposals. The expected date for the public opening of the Financial Proposals is indicated in the Data Sheet; the opening date should allow Firms sufficient time to make arrangements for attending the opening. Firms' attendance at the opening of Financial Proposals is optional.

Opening and Evaluation of Financial Proposals (only for QCBS, FBS, and LCS)

5.4 Financial Proposals shall be opened publicly in the presence of the Firms' representatives who choose to attend. The name of the Firms, and the technical scores of the Firms shall be read aloud. The Financial Proposal of the Firms who met the minimum qualifying mark will then be inspected to confirm that they have remained sealed and unopened. These Financial Proposals shall be then opened, and the total prices read aloud and recorded. The Client's representative will provide attendees with details of applicable currency exchange rate which will be used during evaluation of Financial Proposals. The source for determining the exchange rates will be indicated in the Data Sheet.

5.5 The evaluation committee will review the detailed content of each Financial Proposal. During the review of Financial Proposals under FBS, LCS and QCBS methods, the Committee and any Client personnel and others involved in the evaluation process, will not be permitted to seek clarification or additional information from any Firm, who has submitted a Financial Proposal. Financial Proposals will be reviewed to ensure these are:

- (i) complete (i.e., whether Firms have priced all items of the corresponding Technical Proposal); if not, for material omissions, the Client will price them by application of the highest unit cost and quantity of the omitted item as provided in the other Financial Proposals and add their cost to the offered price, and correct any arithmetical errors. When correcting computational errors, in case of discrepancy between (a) a partial amount and the total amount the partial amount shall prevail; (b) words and figures, the words shall prevail. The evaluated total price (ETP) for each Financial Proposal will be determined. The ETP excludes non-competitive components (i.e. contingencies and provisional sums). The ETP will be converted to local currency (Pak Rs.) using the exchange rate announced during the public opening of Financial Proposals dealt with in para. 5.4.
- (ii) In compliance with the requirements set forth in the Data Sheet, each Financial Proposal must include provisional sums and contingencies in the amounts specified in the Data Sheet and the validity period of the Firms' proposals must accord with the validity period indicated in the Data Sheet. Provision for a discount in any Financial Proposal is not permissible and the ETP for each Financial Proposal will be determined without applying any discount.

5.6 When the QCBS method is used:

- (i) to allow comparison on a common basis, each Financial Proposal will be carefully scrutinized in accordance with the procedure outlined in para 5.6, and an ETP in Pak Rs. will be determined. The lowest evaluated Financial Proposal will receive the maximum score of 1,000 marks. The score for each other Financial Proposal is inversely proportional to its ETP and will be computed as follows:

$$S_f = 1,000 \times F_m / F \quad \text{where:}$$

S_f is the financial score of the Financial Proposal being evaluated,

F_m is the ETP of the lowest priced Financial Proposal,

F is the ETP of the Financial Proposal under consideration.

- (ii) Following completion of evaluation of Technical and Financial Proposals, final ranking of the Proposals will be determined. This will be done by normally applying a weight as specified in the data sheet (i.e., 90%:10%, 80%:20%, or 70%:30%) respectively to the technical and financial score of each evaluated qualifying Technical and Financial Proposal and then computing the relevant combined total score for each Firm. After such final ranking, the first-ranked Firms will be invited for contract negotiations.
- (iii) If a maximum budget is specified in the Data Sheet, Financial Proposals must be within such maximum budget. If any proposal exceeds such maximum budget, such proposal will be held non-responsive and be given a zero score. In such cases, if the firm submitting a Financial Proposal exceeding the maximum budget still obtains the highest combined score in final ranking, this winning firm will be advised, as a condition of contract negotiations, to reduce the Financial Proposal to the maximum budget without compromising the TOR for the assignment (and without modification of proposed unit rates.)
- (iv) If an estimated budget is specified in the Data Sheet, a Financial Proposal may exceed such estimated budget, if considered necessary by the firm submitting the financial proposal. In such cases, if the firm submitting a Financial Proposal exceeding the estimated budget still obtains the highest combined score in final ranking, this winning firm may be advised, as a condition of contract negotiations, to reduce the Financial Proposal to such maximum budget without compromising the TOR for the assignment (and without modification of proposed unit rates).

5.7 When the FBS method is used:

- (i) the Client will select the Firm that submitted the highest ranked Technical Proposal within the budget specified in the Data Sheets.
- (ii) Financial Proposals that exceed the maximum budget specified in the Data Sheet will be rejected.

5.8 When the LCS method is used:

- (i) the Client will select the lowest Financial Proposal of a Firm specified in the Data Sheet.
- (ii) Financial Proposals that exceed the maximum budget specified in the Data Sheet will be rejected.

6. Negotiations

6.1 Subject to Clause 2.2, negotiations will be held at the date and address indicated in the Data Sheet. The invited Firm will, as a pre-requisite for attendance at the negotiations, confirm availability of all experts named in its proposal in the absence of death or medical incapacity. Failure in satisfying such requirements may result in the Client proceeding to initiate the negotiation process with the next-ranked Firm. Representatives conducting negotiations on behalf of the Firm must have written authority to negotiate and conclude a Contract.

Technical negotiations

6.2 Negotiations will include a discussion of the Technical Proposal, the proposed technical approach and methodology, work plan and schedule, and organization and personnel, and any suggestions made by the Firm to improve the TOR. The Client and the Firms will finalize the TOR, personnel schedule, work schedule, logistics, and reporting. These documents will then be incorporated in the Contract as “Description of Services.” Special attention will be paid to clearly defining the inputs and facilities required from the Client to ensure satisfactory implementation of the assignment. The Client shall prepare minutes of negotiations which will be signed by the Client and the Firm.

Financial negotiations

- 6.3
- (i) **When CQS, QBS, or SSS** method is used, the financial negotiations will include a detailed review of all the Firm’s proposed costs including a review of all documentation provided by the Firm in support of proposed costs. In particular, the Firms shall provide full details of the remuneration of all nominated experts, according to Section 4 – Financial Proposal - Standard Forms of this RFP, including the information required in Form FIN-4.
 - (ii) **When FBS, LCS or QCBS** method is used, the financial negotiations will, as necessary, fine-tune duration of the expert’s inputs and quantities of out-of-pocket expenditure items that may be increased or decreased from the relevant amounts shown or agreed otherwise in the Financial Proposal but without significant alterations. The details of expert remuneration and specific unit rates for out-of-pocket expenditures will not be subject to negotiations.

- (iii) **For QCBS** where the Financial Proposal of the first-ranked firm is substantially higher than any maximum or estimated budget specified in the Data sheet, the Client reserves the right to invite the next-ranked firm to negotiate, if negotiations with such first ranked firm do not result in an acceptable contract having due regard to the inputs and scope of work required under the TOR (see 5.6 (iii)-(iv)).²
- Availability of Personnel** 6.4 Having selected the Firm on the basis of, among other things, an evaluation of proposed personnel, the Client expects to negotiate a Contract on the basis of the personnel named in the Proposal. Before contract negotiations, the Client will require assurances that the personnel will be actually available. The Client will not consider substitutions during contract negotiations unless both parties agree that undue delay in the selection process makes such substitution unavoidable or for reasons such as death or medical incapacity. The Client may also request the replacement of any expert nominated by the invited firm who receives a rating below 70% (average) or is deemed to be unsuitable for a proposed position. In the event that the Client requests a replacement, such replacement shall have the same unit rate of remuneration proposed for the original candidate by the firm in its Financial Proposal except where the method of selection is CQS, QBS, or SSS, where the rate of remuneration will be based on supporting documentation. Any proposed substitute shall have equivalent or better qualifications and experience than the original candidate and be submitted by the Firm within the period of time specified in the letter of invitation to negotiate. Failure to meet either of these requirements may result in disqualification.
- Conclusion of the negotiations** 6.5 Negotiations will conclude with a review of the draft Contract. To complete negotiations the Client and the Firm will initial the agreed Contract. If negotiations fail, the Client will invite the Firm whose Proposal received the second highest score to negotiate a Contract.
- 7. Award of Contract** 7.1 After completing negotiations, the Client shall award the Contract to the selected Firm and notify the other Firms who could have been invited to negotiate a Contract that they were unsuccessful. When FBS, LCS or QCBS is used, after Contract signature the Client shall return the unopened Financial Proposals to the firms whose Technical Proposals have not secured the minimum qualifying mark, or were found to be technically non-responsive.
- 7.2 The Firm is expected to commence the Services on the date and at the location specified in the Data Sheet.

² Proposed unit rates for remuneration shall not be altered since the unit rate cost has been a factor in the selection process.
