**Notes:**

Upon initial scrutiny of mandatory documents, above highlighted 05 x firms were declared disqualified for incomplete bids. In the second phase of tender evaluation, samples from bidders were called for quality comparison and evaluated by the technical team of Services Section/end user department.

**Samples Evaluation Report;**

Technical team of Services Section evaluated the samples and found that either samples were substandard /local make, brand and quality or not comparable with CUI requirement (mismatching with CUI's installed light rods) though low on cost. Therefore, technical committee recommends that CUI keeping the procurement term "Value for Money" in view, may purchase the required electrical items with Philips original brand on lowest bid selection bases since philips brand lights are already in use of CUI and change of brand may arise difficulty regarding installation, fixing and finishing etc.  
Furthermore; M/s Technostream was asked to provide details/info along with samples of electric rods with 4000K color temperatue (Cool white) in comparison of philips brand rods but the said firm was unable to produce said info/details under the prescribed time given by the CUI (email Attached). The said firm may disqualified for (Sr. 1, 2 & 3) of the BoQ, wherein quoted GE Lightning Brand due to non-compliance of CUI inquiry.

**COMSATS University Islamabad**  
**Purchase Section**  
**Comparative Statement**  
**Supply of Electrical items for Services Section**

Based on the technical report submitted by the Services Section, below is the comparison of bid with Philips Branded Items only.
