EVALUATION REPORT
(As Per Rule 35 of PP Rules, 2004)

1. Name of Procuring Agency: HQ NADRA Islamabad
2. Method of Procurement: Single Stage Two Envelope Method
3. Title of Procurement: Purchase of Hardware Based Web Application Fire Wall (1:1)
4. Tender Inquiry No.: 92/2022
5. PPRA Ref. No. (TSE): TS481775E
6. Date & Time of Bid Closing: 16th June, 2022 At 1100 Hrs
7. Date & Time of Bid Opening: 16th June, 2022 At 1130 Hrs
8. No of Bids Received: 04
9. Criteria for Bid Evaluation: As per Eligibility & Technical Evaluation Criteria Mentioned in Tender Documents
10. Details of Bid(s) Evaluation: As under:-

S #	Name of Bidder	Marks		Evaluated Cost	Rule/Regulation/SBD*/Policy/ Basis for Rejection / Acceptance as per Rule 35 of PP Rules, 2004.
		Technical (if applicable)	Financial (if applicable)		
a.	M/s Arwen Tech	Qualified	Only Technical qualification was required	**Rs.113,670,000/-**	Bids of four firms i.e. M/s SN Skies, M/s Arwen Tech, M/s Innovative Integration and M/s Inara Technologies were received. Bids of M/s SN Skies and M/s Innovative Integration were technically disqualified whereas remaining bids were technically qualified for further processing. Financial bid of technically qualified firm were opened on 4th August, 2022 & evaluated as per requirements. Technical evaluation report is attached at Anx "A".
b.	M/s Inara Technologies	Qualified		Rs.114,528,400.65	
c.	M/s SN Skies (Pvt) Ltd	Not Qualified		N/A	
d.	M/s Innovative Integration	Not Qualified		N/A	

Most Advantageous Bidder: **M/s Arwen Tech**

11. Any other additional / supporting information, the procuring agency may like to share. Nil

Head of Department
NADRA HQ Procurement
(Naveed A. Channa)
20th **September, 2022**

Technical Evaluation for Hardware Based Web Application Firewall 1:1 (Tender # 92/2022)

SN	Requirements for each appliance		M/s Arwentech		M/S SNKIES Pvt. Ltd		M/S inara Technologies		M/S Innovative Integration	
			Compliance (Fully Comply/Not-Comply)	Remarks	Compliance (Fully Comply/Not-Comply)	Remarks	Compliance (Fully Comply/Not-Comply)	Remarks	Compliance (Fully Comply/Not Comply)	Remarks
Throughput and Capacity										
1.										
	Https throughput with all WAF features enabled mentioned in RFP	8.5 Gbps	Fully Comply	Compliance in Compliance Sheet and mentioned in datasheet and reference documents	Fully Comply	Compliance in Compliance Sheet and mentioned in datasheet and reference document	Fully Comply	Compliance in Compliance Sheet and mentioned in datasheet and reference document	Fully Comply	Compliance in Compliance Sheet and mentioned in datasheet and reference document
2.										
	Applications	Unlimited	Fully Comply	Complied in Compliance Sheet	Fully Comply	Complied in Compliance Sheet	Fully Comply	Complied in Compliance Sheet	Fully Comply	Complied in Compliance Sheet Assuming each application is represented by one Virtual Server. The number of Virtual Servers is not limited at a configuration level, however, it is limited to the amount of memory of the device or VE. The Virtual Server limitations will also vary depending on the type of virtual server they are, dfade, other objects configured on the unit and amount of connection/traffic. Ref: https://support.f5.com/csp/article/K51502700
3.										
	Backend Servers	Unlimited	Fully Comply	Complied in Compliance Sheet	Fully Comply	Complied in Compliance Sheet	Fully Comply	Complied in Compliance Sheet	Fully Comply	Max up to 16,383 pool members on each one pool. However, customer can build multiple pools and unlimited number of Virtual Servers. Ref: https://support.f5.com/csp/article/K1579
4.										
	Number of web applications	Unlimited	Fully Comply	Complied in Compliance Sheet	Fully Comply	Complied in Compliance Sheet	Fully Comply	Complied in Compliance Sheet	Fully Comply	Complied in Compliance Sheet Assuming each application is represented by one Virtual Server. The number of Virtual Servers is not limited at a configuration level, however, it is limited to the amount of memory of the device or VE. Compliance										
1	Maintain regulatory compliance to comply with industry security standards (including PCI DSS)	Yes	Fully Comply	Complied in compliance sheet, Also mentioned in Reference Documents provided in Proposal https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/680037	Fully Comply	Complied in compliance sheet, Also mentioned in Reference Documents provided in Proposal https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/680937	Fully Comply	Complied in compliance sheet, Also mentioned in Reference Documents provided in Proposal https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/680937	Fully Comply	Complied in Compliance Sheet. F5 solution provides not only PCI-DSS compliance pagetable, but also OWASP compliance pagetable. https://support.f5.com/csp/article/K34105007
Device Hardware and Virtualization										
1.										
	Redundant Hardware appliance (1:1) High Availability	Active/Active, Active/Passive	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal and BOQ	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal and BOQ	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal and BOQ	Fully Comply	Complied in Compliance Sheet and Ref: https://techdocs.f5.com/en-us/bigip-14-1-0/big-ip-device-service-clustering-administration-14-1-0/creating-an-active-standby-configuration-using-the-setup-utility.html https://techdocs.f5.com/en-us/bigip-14-1-0/big-ip-device-service-clustering-administration-14-1-0/creating-an-active-active-configuration-using-the-setup-utility.html
2										
	Configuration synchronization between active and passive WAF	Yes	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal,Https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/435480	Fully Comply	Compliant in compliance sheet,Also mentioned in Reference document Provided in Proposal https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/435480	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/435480	Fully Comply	Complied in Compliance Sheet and reference https://techdocs.f5.com/en-us/bigip-14-1-0/big-ip-device-service-clustering-administration-14-1-0/creating-configuration-synchronization.html https://support.f5.com/csp/article/13990
3.										
	Must support cluster of multiple devices for future scalability	Yes	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal and datasheet	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal and datasheet	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal and datasheet	Fully Comply	Complied in Compliance Sheet and reference https://www.f5.com/services/training/certification/white-papers/scale-elastic-infrastructure. Refer to Scale N: https://techdocs.f5.com/en-us/bigip-14-1-0/big-ip-device-service-clustering-administration-14-1-0/setting-up-network-failover.html

	Interface	1000 BASE-T RJ45	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal and datasheet	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal and datasheet	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal and datasheet	Fully Comply	Complied in Compliance Sheet. In datasheet 2x 1/10/2.5 Gigabit base-T RJ45 Management
5	Dual Power Supply (Hot Swappable)	Yes	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal, BOQ and datasheet	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal, BOQ and datasheet	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal, BOQ and datasheet	Fully Comply	Complied in Compliance Sheet. In datasheet 1,000W (Hot plug in power supply, 90V AC to 110V AC input)
6	Rack Mountable with Mounting Kit	Yes	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal and datasheet	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal and datasheet	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal and datasheet	Fully Comply	Complied in Compliance Sheet and mentioned in datasheet

Monitoring, Reporting and Logging

1	Reporting	Yes	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal and datasheet	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal and datasheet	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal and datasheet	Fully Comply	Complied in Compliance Sheet and References: https://techdocs.fortinet.com/fortigate/7.0/administration-guide/880163/security-rating https://techdocs.fortinet.com/fortigate/7.0/administration-guide/880162/network-utilization-dashboard https://techdocs.fortinet.com/fortigate/7.0/administration-guide/880161/system-dashboard https://techdocs.fortinet.com/fortigate/7.0/administration-guide/880160/fortiview-overview
2	Analytics		Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal and datasheet	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal and datasheet	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal and datasheet	Fully Comply	
	Visual analytics tools for advanced threat insights	Yes	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal and datasheet	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal and datasheet	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal and datasheet	Fully Comply	Complied in Compliance Sheet and References: https://techdocs.fortinet.com/fortigate/7.0/administration-guide/880161/system-dashboard https://techdocs.fortinet.com/fortigate/7.0/administration-guide/880162/network-utilization-dashboard https://techdocs.fortinet.com/fortigate/7.0/administration-guide/880163/security-rating https://techdocs.fortinet.com/fortigate/7.0/administration-guide/880160/fortiview-overview
	Ability to visualize and drill down into key elements such as server/IP configurations, attack, traffic logs, and user activity. Quickly identify suspicious activity		Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/880163	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/880163	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/880163	Fully Comply	
3	Customizable charts and reports	Yes	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/448395	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/448395	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/448395	Fully Comply	References: https://techdocs.fortinet.com/fortigate/7.0/administration/displaying-reports-and-monitoring-data https://techdocs.fortinet.com/fortigate/7.0/administration/viewing-reports-statistics-and-logs.html https://techdocs.fortinet.com/fortigate/7.0/administration/common-elements-for-avr.html
4	Security overview report	Yes	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/880163	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/880163	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/880163	Fully Comply	References: https://techdocs.fortinet.com/fortigate/7.0/administration/displaying-reports-and-monitoring-data https://techdocs.fortinet.com/fortigate/7.0/administration/viewing-reports-statistics-and-logs.html https://techdocs.fortinet.com/fortigate/7.0/administration/common-elements-for-avr.html
	Reporting capabilities to easily analyze incoming requests and violations		Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/880163	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/880163	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/880163	Fully Comply	References: https://techdocs.fortinet.com/fortigate/7.0/administration/displaying-reports-and-monitoring-data https://techdocs.fortinet.com/fortigate/7.0/administration/viewing-reports-statistics-and-logs.html https://techdocs.fortinet.com/fortigate/7.0/administration/common-elements-for-avr.html
	Generate security reports and evaluate possible attacks		Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/880163	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/880163	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/880163	Fully Comply	References: https://techdocs.fortinet.com/fortigate/7.0/administration/displaying-reports-and-monitoring-data https://techdocs.fortinet.com/fortigate/7.0/administration/viewing-reports-statistics-and-logs.html https://techdocs.fortinet.com/fortigate/7.0/administration/common-elements-for-avr.html
5	Reporting must provide reporting for security events and attacks, anomaly statistics, networking and traffic statistics	Yes	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/880163	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/880163	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/880163	Fully Comply	References: https://techdocs.fortinet.com/fortigate/7.0/administration/displaying-reports-and-monitoring-data https://techdocs.fortinet.com/fortigate/7.0/administration/viewing-reports-statistics-and-logs.html https://techdocs.fortinet.com/fortigate/7.0/administration/common-elements-for-avr.html
	Reporting can be saved or can be sent via email		Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/448395	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/448395	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/448395	Fully Comply	Complied in Compliance Sheet and support.fs.com/a/article#/50132281
	Monitoring capabilities to view application access and behavior	Yes	Fully Comply	Application access view https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/880163. Kindly find below links of FortiView for monitoring application access and behavior from Topology, Security, Traffic and Session viewpoint. Web service encryption and decryption	Yes	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal:https://docs.fortinet.com/document/fortiweb/7.0.0/administration-guide/341240	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal:https://docs.fortinet.com/document/fortiweb/7.0.0/administration-guide/341240	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal:https://docs.fortinet.com/document/fortiweb/7.0.0/administration-guide/341240	Fully Comply	Complied in Compliance Sheet,Assuming Web Service Encryption/Decryption is "Decryption/Re Encryption of SSL/TLS Layer" Reference https://support.f5.com/csp/article/K66271376
44.	Must support all type of available certificate types	Yes	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal:https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/173102; https://help.fortinet.com/fweb/admin_help/4-6-0/webhelp/webhelp/common/htmlviewer/help.htm?context=Fort-Web_Online_help$file=sal_23_9.htm	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal:https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/173102; https://help.fortinet.com/fweb/admin_help/4-6-0/webhelp/webhelp/common/htmlviewer/help.htm?context=Fort-Web_Online_help$file=sal_23_9.htm	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal:https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/173102; https://help.fortinet.com/fweb/admin_help/4-6-0/webhelp/webhelp/common/htmlviewer/help.htm?context=Fort-Web_Online_help$file=sal_23_9.htm	Fully Comply	Complied in Compliance Sheet,F5 Solutions accept PEM certificate type Other types of certificate must be converted into PEM type using OpenSSH tool available on the platform/hardware proposed i.e. F5 BIG-IP
45.	Seamless PKI integration	Yes	Fully Comply	Complied in compliance sheet,Also mentioned in Ref document Provided in Proposal:https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/520919	Fully Comply	Complied in compliance sheet,Also mentioned in Ref document Provided in Proposal:https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/520919	Fully Comply	Complied in compliance sheet,Also mentioned in Ref document Provided in Proposal:https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/520919	Fully Comply	Complied in Compliance Sheet,Assuming the PKI is of type Network HSM https://techdocs.f5.com/kb/en-us/bigip/16-0/bigip-system-and-net-hsm-implementation/setting-up-the-network-hsm.html
46.	Inspect all incoming subscriber connections and server-to-client responses, and mitigate threats based on security and protocol parameters before forwarding them	Yes	Fully Comply	Complied in compliance sheet,Also mentioned in Ref document Provided in Proposal:https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/595664	Fully Comply	Complied in compliance sheet,Also mentioned in Ref document Provided in Proposal:https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/595664	Fully Comply	Complied in compliance sheet,Also mentioned in Ref document Provided in Proposal:https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/595664	Fully Comply	Complied in Compliance Sheet
47.	Decrypt SSL traffic to identify potentially hidden attacks	Yes	Fully Comply	Complied in compliance sheet,Also mentioned in Ref document Provided in Proposal:https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/341240	Fully Comply	Complied in compliance sheet,Also mentioned in Ref document Provided in Proposal:https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/341240	Fully Comply	Complied in compliance sheet,Also mentioned in Ref document Provided in Proposal:https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/341240	Fully Comply	Complied in Compliance Sheet,Reference: https://support.f5.com/csp/article/K05271379
48.	Application parameters including server addressing, SSL offload, and access policies, can be grouped together with security parameters including policies, SSL inspection, and logging	Yes	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal:https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/31455	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal:https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/31455	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal:https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/31455	Fully Comply	Complied in Compliance Sheet,The way F5 WAF Solution is configured is to build the Virtual Server first, and all other configurations such as profiles and policies are attached/applied to the Virtual Servers. Virtual Server's IP Address is typically not defined as part of Security Policy, however, domain names can be part of security policy
49.	The configuration for an application can be unified with an associated security policy, can be permitted for specific application protocols	Yes	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal:https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/201822	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal:https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/201822	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal:https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/201822	Fully Comply	Complied in Compliance Sheet,Virtual Server can be configured per IP Address Port (as a host) or a subnet. Port number can be customized by customer when the application is not running on standard TCP Port 80. Once a Virtual Server is built, customer can build multiple Security Policies, and choose which one to be applied i.e. to be actively inspecting traffic for the Virtual Server

50	Protects web applications and APIs from attacks that target known and unknown exploits	Yes	Fully Comply	Complied in compliance sheet,Also mentioned in Ref docs. Provided in Proposal,https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/210196 and Sandbox subscription license included in BOQ	Fully Comply	Complied in compliance sheet,Also mentioned in Ref docs. Provided in Proposal,https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/210196 and Sandbox subscription license included in BOQ	Fully Comply	Complied in compliance sheet,Also mentioned in Ref docs. Provided in Proposal,https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/210196 and Sandbox subscription license included in BOQ	Fully Comply	In query response F5 AWAF [illegible] to prevent known [illegible] attack signature database for unknown exploits F5 have a feature called [illegible] and [illegible] to response to such exploits. But there is [illegible] found in the reference documents for unknown exploits prevention
51	Defends applications from known vulnerabilities and from zero day threats	Yes	Fully Comply	Complied in compliance sheet,Also mentioned in Ref docs. Provided in Proposal,https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/210196 and Sandbox subscription license inluded in BOQ	Fully Comply	Complied in compliance sheet,Also mentioned in Ref docs. Provided in Proposal,https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/210196 and Sandbox subscription license inluded in BOQ	Fully Comply	Complied in compliance sheet,Also mentioned in Ref docs. Provided in Proposal,https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/210196 and Sandbox subscription license inluded in BOQ	Fully Comply	Complied in Compliance Sheet In remarks mentioned [illegible] for Zero day attack prevention -Behavioral Dos Protection. Threat Campaigns subscription, [illegible], Signatures updates
52	Advanced Bot Mitigation effectively protect web assets without imposing resistance on legitimate users	Yes	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal,https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/881142	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal,https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/881142	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal,https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/881142	Fully Comply	Complied in Compliance Sheet Reference https://techdocs.f5.com/en-us/bigip-14-1-0/big-ip-asm-implementations-14-1-0/configuring-bot-defense.html https://support.f5.com/csp/article/K42323285
53	Protection for APIs, including those used to support mobile applications	Yes	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal,https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/995262	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal,https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/995262	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal,https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/995262	Fully Comply	Complied in Compliance Sheet Reference https://support.f5.com/csp/article/K44151603 https://community.f5.com/t5/technical-articles/the-big-ip-application-security-manager-part-5-xml-security/ta-p/279737 https://techdocs.f5.com/en-us/bigip-14-1-0/big-ip-asm-implementations-14-1-0/adding-json-support-to-an-existing-security-policy.html
54	Multi-layer protection against the OWASP Top 10 application attacks including learning based to defend against known and unknown attacks.	Yes	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal and mentioned in datasheet	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal and mentioned in datasheet	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal and mentioned in datasheet	Not Comply	Complied in Compliance Sheet
55	Protect websites, mobile applications, and APIs from automated attacks with advanced bot mitigation that accurately differentiates between good bot traffic and malicious bots. Bot Mitigation provides the visibility and control without slowing down users	Yes	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal,https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/881142	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal,https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/881142	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal,https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/881142	Fully Comply	Complied in Compliance Sheet Reference https://support.f5.com/csp/article/K44151603 https://community.f5.com/t5/technical-articles/the-big-ip-application-security-manager-part-5-xml-security/ta-p/279737 https://techdocs.f5.com/en-us/bigip-14-1-0/big-ip-asm-implementations-14-1-0/adding-json-support-to-an-existing-security-policy.html https://techdocs.f5.com/en-us/bigip-14-1-0/big-ip-asm-implementations-14-1-0/configuring-bot-defense.html
56	Can allow, deny and log any service	Yes	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal,https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/127663	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal,https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/127663	Fully Comply	Complied in compliance sheet,Also mentioned in Reference document Provided in Proposal,https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/127663	Fully Comply	Complied in Compliance Sheet
57.	Protocol validation to identify and block malicious traffic	Yes	Fully Comply	Complied in compliance sheet,Also mentioned in Ref document Provided in Proposal,https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/277489	Fully Comply	Complied in compliance sheet,Also mentioned in Ref document Provided in Proposal,https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/277489	Fully Comply	Complied in compliance sheet,Also mentioned in Ref document Provided in Proposal,https://docs.fortinet.com/document/fortiweb/7.0.1/administration-guide/277489	Fully Comply	Complied in Compliance Sheet Reference https://support.f5.com/csp/article/K10280
