- 4. Out of the six firms that participated, only four remained responsive. The two firms declared non-responsive by the evaluation committee as per the following criteria.
 - i) M/s Asian Traders: Asian Traders did not submit all the necessary documentation outlined in the RFP. Consequently, the committee chose not to evaluate the firm any further and declared it non-responsive.
 - ii) M/s Mardan Traders: The firm was deemed non-responsive due to several reasons. Firstly, there was duplication of documentation with another vendor, Sohail Khan Builders, who applied for Lot-2. Additionally, the credit line and credit history were intertwined with Sohail Khan Builders in a joint venture. Furthermore, the documentation provided regarding the RFP requirement for a manufacturing unit mirrored that of Sohail Khan Builders. Moreover, a significant portion of the required documentation was missing.
