Details of Bid(s) Evaluation:	As Below

**Technical and Financial Proposals from Cement Plant Consultant (consulting firm/individual consultant)**

In response to RFP, only Engr. Ahmad Sohail submitted his technical and financial proposal as an individual consultant. The technical and financial proposal are attached as Appendix-G.

**Constitution of Selection Committee of NESPAK**

As per Procurement of Consultancy Services Regulations, 2010, NESPAK constituted a committee for selection of Cement Plant Consultant. The committee comprises the following members:

- |                         |                    |
|-------------------------|--------------------|
| 1. Engr. Mushtaq Ahmad  | General Manager    |
| 2. Engr. Muhammad Ayyub | Chief Engineer     |
| 3. Engr. Kashif Bashir  | Principal Engineer |
| 4. Engr. Muhammad Umer  | Principal Engineer |

The objective of the committee is to select the Cement Plant Consultant in accordance with PPRA rules and to get approval of the Client prior to award of the Sub-Contract.

**Evaluation of Technical & Financial Proposal**

The selection committee completed the process of evaluation of technical and financial proposal of aforesaid individual consultant and the results of evaluation are depicted in Table 1.

**Table 1: Evaluation of Technical and Financial Proposals of Engr. Ahmad Sohail**

Technical Evaluation					Financial Proposal
Educational Qualification	Valid Registration with Pakistan Engineering Council	Overall Experience (Years)	Relevant Experience (Years)	Fulfills basic eligibility criteria?	Amount (Rs.)
B.Sc. Chemical Engineering	Yes	33	More than 8 years	Yes	3,909,200/-

## CONCLUSIONS

Engr. Ahmad Sohail fulfills the basic eligibility criteria as an individual consultant and the bid price is within the budget allocated for Cement Plant Consultant in Contract Agreement by the Client.

## RECOMMENDATIONS

The Selection Committee recommends to select Engr. Ahmad Sohail as an individual consultant for providing sub-consultancy services for "Technical Audit of existing Cement Plants in the Salt Range and recommendations for Negative and Positive Areas for Installation of New Cement Plants in the Salt Range" under the Project "Delineating Negative and Positive Mining Areas for Installation of Cement Plants in the Salt Range"
